1 HOW TO USE

1. Attach the card holder by aligning its magnetic side with the back of your iPhone* (or MagSafe-compatible case) and pressing gently to secure.
2. Open the card holder and insert your cards into the slot. We recommend maximum of 2 cards to avoid excessive thickness that may affect magnetic performance.
3. Fold the card holder open and adjust it to your preferred angle to use it as a phone stand. You can use the wallet as a stand in portrait and landscape layout
4. To remove, simply lift the card holder gently from the side. Do not pull with excessive force.

*iPhone 12 series and later
