Bluetooth Headphones

Model Number: HE314041

GETTING STARTED GUIDE

1.   Unpack
Unpack the contents of the Bauhn Bluetooth Headphones.

2.   Charge Your Headphones
Before first use, it is recommended you charge your headphones for a minimum of 1 hour. Connect the USB charging cable to the port on the bottom of the right earpad using the included MicroUSB plug. Connect the other end to a spare USB port on your laptop or computer.
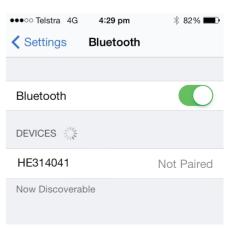

3.   Pair the Headphones to Your Device
Press and hold the power circle button. After 6 seconds, the headphones will enter pairing mode. The headphones will give an audio cue "Power on" and then "Pairing".

Tip: The LED will be flashing blue and red rapidly when pairing mode is active.

4.   Search for the Headphones
Activate the Bluetooth feature on your MP3 player or smartphone, searching for the headphones labelled "HE314041". Pair as per your MP3 player or smartphone's instruction manual.

5.   Successfully pair with the Headphones
When the Bluetooth Headphones are successfully paired with your device the headphones will state "your headset is connected". The LED on the bottom of the ear pad will slowly double-flash blue when connected via Bluetooth.

6.   Start Audio Playback
Start audio playback on your phone or MP3 player. Control the volume and track playback using the control pad located on the side of the right earpad.

7.   Power On / Off
Your MP3 player or phone will remember the Bluetooth pairing with the headphones for future use. After successful pairing, Press and hold the circle button for 3 seconds to switch on or switch off. You will hear the audio prompt "power on" or "power off".

Congratulations, your Bauhn Bluetooth Headphones are ready to use.
