USING YOUR MEN'S FOIL SHAVER

1. Fully charge your new shaver before first use. Insert the power adaptor into the charging base. Then insert the other end into a power point and turn on. Place your shaver into the charging base

2. Once the charging icon is flashing red on the charge display, the unit is fully charged and ready to be used

3. To begin shaving, remove the protective cap & press the ON/OFF button

4. With the shaver at a 90° angle to your face, stretch the skin with your free hand. Proceed to shave desired area, using light strokes. Turn shaver off when finished

5. Clean after every use. Ensure the shaver is turned off and unplugged. Press the shaving head release buttons on both sides to remove the shaving head

6. Gently shake out any hair and use the included brush to clean. Place shaving head back on to body when cleaning is complete
