smart power

SMART HOME CONTROL PACK

Model Numbers: HE215041

1 UNPACK

Unpack your Smart Home Control Pack and check you have all the components:

- IR / RF Wi-Fi Controller
- Power Adapter
- Micro USB Cable
- RF Remote Control (batteries included)
- 4 x Indoor Remote Controlled Power Points
- Instruction Manual
- Getting Started Guide
- Warranty Card

2 SETTING UP THE RF POWER POINTS

1. Remove the tab from the rear of the remote control to activate the batteries.
2. Connect the device you wish to control to the socket of your power point controller.
3. Insert the Power Point Controller into any power outlet.
4. Turn on the power outlet. The LED on the Power Point Controller will begin to flash slowly.
5. Using the remote control, press the ON button next to the number you wish to assign the Power Point Controller to.
6. Repeat steps 2-5 to pair remaining Power Point Controllers.

Note - The ON button will only need to be pressed once for successful pairing.

3 SETTING UP THE IR / RF Wi-Fi CONTROLLER

1. Download the e-control app
   a. Using an Android device; install the 'e-control' app from the Google Play Store.*
   b. Using an Apple device; install the 'e-control' app from iTunes App Store.*

Note - Data charges may apply if downloading via mobile connection, check with your mobile carrier for details. ALDI Stores & the supplier (Winplus) take no responsibility for data charges.

2. Connect to power
   Connect the micro USB cable to the IR / RF Wi-Fi Controller. Insert the USB end into the power adaptor, then connect to a power outlet and switch on. Ensure the blue LED on the IR / RF Wi-Fi Controller is flashing rapidly at about 5-6 times per second.

3. Pair Controller
   Making sure your smartphone is connected to your home Wi-Fi network, open the 'e-control' app. Input your network name and password, then press 'Configure'. You will be greeted with a 'Configuration success' screen. Select the IR / RF Wi-Fi Controller, 'eRemote', to continue.

4 PAIRING RF POWER POINTS AND IR / RF Wi-Fi CONTROLLER

For steps on how to pair the two components, please see pages 12-16 in the Instruction Manual, or visit www.winplus.com.au for advanced guides and insturctional videos.
