2L PROFESSIONAL BLENDER HIGH PERFORMANCE MOTOR

Version 1.3

Quick Start Guide

Ensure you read the instruction manual before attempting operation

1.

Unpack

Unpack the contents of the box, remove all packaging & place the base on a firm level bench.

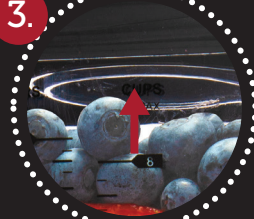

2.

Place the Blender Jug

Place the Blender jug onto the motor base unit.

3.

Load Ingredients

Load the jug with the desired ingredients. Do not fill above maximum level ('MAX').

4.

Attach Lid

Attach the blender lid and cap to avoid any spillage during operation.

5.

Start Blending

Switch the unit ON. With the speed dial starting at OFF, manually turn the dial until the required speed is reached.

6.

Turn OFF

When blending is complete, return both the speed dial and switch to 'OFF' before removing the blender jug.

7.

Remove Ingredients

Lift up the blender jug and remove the lid. If required, use a plastic scraper or spatula to remove any mixture

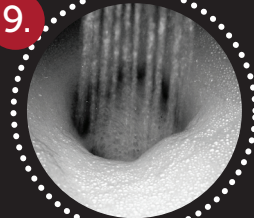

8.

Intelligent Pre-Set Programs

Turn the speed dial anti-clockwise to 'M'. Select required program to commence operation.

9.

Cleaning

To clean, wash all accessories with warm soapy water. Wipe down the base with a moist cloth.
