BLACKHEAD REMOVER Warranty Details

REGISTER YOUR PURCHASE AT www.aldi.com.au/en/about-aldi/product-registration/ TO KEEP
UP-TO-DATE WITH IMPORTANT PRODUCT INFORMATION

The product is guaranteed to be free from defects in workmanship and parts for a period of 12 months from the date of purchase. Defects that occur within this warranty period, under normal use and care, will be repaired, replaced or refunded at our discretion. The benefits conferred by this warranty are in addition to all rights and remedies in respect of the product that the consumer has under the Competition and Consumer Act 2010 and similar state and territory laws.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Safety Instructions

- This product is intended for domestic use only. It is not intended for commercial, trade or industrial use.
- Do not use while bathing or in the shower.
- Do not place or drop into water or other liquid.
- The batteries should not be recharged.
- Please do not use different types of batteries or new and used batteries are not to be mixed.
- Make sure batteries are inserted with the correct polarity.
- Please remove the exhausted batteries from the appliance and safely dispose.
- If the appliance is to be stored unused for a long period, the batteries should be removed.
- Never short-circuit the supply terminals of batteries.
- **WARNING:** Keep the appliance dry.
- The supplier is not responsible for the end use of this product including any improper use or when used for purposes that are not specified.
- Do not use the device over any scar or wounds on your skin.
- Do not push or force the tip of the Blackhead Remover into your skin. The suction provided by the tool is enough force to perform the task of removing blackheads.
- After using the Blackhead Remover, skin may be red and inflamed, this is a normal reaction to the cleansing process. Skin will return to its normal state after roughly 30 minutes.
- Do not use facial scrub or other exfoliating products before and after the treatment.
- Do not operate the Blackhead Remover with wet hands.
- Do not leave the active Blackhead Remover on a single spot on your skin for longer than 2 seconds.
- Do not use the Blackhead Remover in the same spot more than once during use
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
- Discontinue use if you experience skin irritation or pain.
- For external use only. Not to be used near the eyes or mouth.
- Please use hot compress for 3-5mins prior to use to open pores.

6. 1 x User guide*
7. 1 x Warranty card*

*Not shown

Product Overview

- a. On/Off switch
- b. Battery compartment
- c. Suction head
- d. Foam filter compartment

Getting Started

Remove any packaging material and labels before using your LACURA Beauty® Blackhead Remover for the first time.

Do not use the appliance if any part has been damaged. In case of damage, contact our aftersales support line for advice on a replacement or return. Damage caused by misuse is not covered under warranty.

Adding batteries

The LACURA Beauty® Blackhead Remover operates with 2x AA batteries (included).

1. Ensure the Blackhead Remover is switched off.
2. Open the battery compartment.
3. Insert the batteries, taking care with polarity.
4. Close the battery compartment.

Suction heads

There are a number of beauty heads included in the pack, see summary for use below:

1. Exfoliator Head

The exfoliator head gently exfoliates to remove dead skin, opens pores and provides a deep clean.

2. Large Suction Head

Being the largest suction head, it removes blackheads and massages the skin. It can be used around the body and neck.

3. Gentle Suction Head

Gentle suction removes blackheads from sensitive areas. Also suitable for sensitive skin.

4. Mini Suction Head

Ideal for hard to reach areas. May also help prevent fine lines.

NOTE: WHEN USING ANY SUCTION HEAD, YOU SHOULD ONLY USE THE DEVICE ONCE A WEEK, AND FOR NO MORE THAN 5 MINUTES AT A TIME.

Operation

Using the Blackhead Remover

1. Make sure your hands are dry before using the Blackhead Remover.
2. Ensure that the filter sponge is installed in the filter compartment and dry before starting the treatment (See images below).

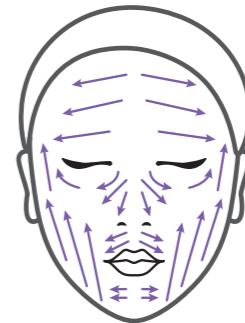

3. To soften pores before using the Blackhead Remover cover your face with a warm damp towel for 3 minutes.
4. Install the desired beauty head on the Blackhead Remover and turn the device on.

NOTE: DO NOT LEAVE THE BLACKHEAD REMOVER ON A SINGLE SPOT FOR MORE THAN 2 SECONDS. THIS MAY LEAD TO REDNESS/ BRUISING ON THE SKIN.

Tips for use

- One treatment per week is all you need to regenerate new glowing skin.
- After each use be sure to remove the Suction Tip and thoroughly clean it using warm soapy water and finishing with an alcohol based disinfectant.
- Rinse your face with cool water after, cleanse with toner and then moisturise to nourish your skin.
- Hard to reach areas can be cleaned using cotton earbuds or a small soft brush.
- This will prevent bacteria build up and prolong the life of the Suction Tips.

- Do not go back and forth over areas, preferably work in one direction to ensure areas are covered equally.
- Do not hold the Blackhead Remover in the same position longer than 3 seconds.
- Starting from your chin, move the head of the Blackhead Remover out towards your cheeks.
- Place the Blackhead Remover on your forehead and move from the centre to the side.
- Place the beauty instrument in the T area, at the bridge of the nose and between the brows, and move up and down.

Cleaning & Care

- The Blackhead Remover can be wiped down with a dry or damp cloth.
- Filter sponges should be cleaned after each use, 4 sponges are included in the kit that can be cleaned and re-used.
 - a. Unscrew the head.
 - b. Open the filter compartment and tip the Blackhead Remover forward to remove the sponge.

NOTE: You made need to use tweezers to remove the sponge.

- c. Clean the sponge in warm soapy water and leave to dry.
- d. Once dry store in a clean container ready for use.

BLACKHEAD REMOVER

Repair and Refurbished Goods or Parts Notice

Unfortunately, from time to time, faulty products are manufactured which need to be returned to the Supplier for repair.

Please be aware that if your product is capable of retaining user-generated data (such as files stored on a computer hard drive, telephone numbers stored on a mobile telephone, songs stored on a portable media player, games saved on a games console or files stored on a USB memory stick) during the process of repair, some or all of your stored data may be lost.

We recommend you save this data elsewhere prior to sending the product for repair.

You should also be aware that rather than repairing goods, we may replace them with refurbished goods of the same type or use refurbished parts in the repair process.

Please be assured though, refurbished parts or replacements are only used where they meet ALDI's stringent quality specifications.

If at any time you feel your repair is being handled unsatisfactorily, you may escalate your complaint. Please telephone us on 1300 663 907 or write to us at:
